- Special Education
- Psychology
- Psychoeducation
- Neuropsychology
- Guidance Counselling
- Screenings and Assessments for speech therapy, Autism, ADHD and more
- Programs for assistive technology and tools use
- Workshops for high school preparation, reading and more

Clinic locations
We work with children, teenagers, young adults, and parents at our clinics located in:

- Greater Toronto Area
- Montreal and surrounding areas
- Metro Vancouver
- Sherbrooke
- Terrebonne
- Quebec City

For educators and caregivers
We also work closely with educators and caregivers in the public and private school systems and childcare

facilities across Canada, helping educators and parents identify and assist children and teens in need of focused learning and development support.

Each year, Children's Support Solutions helps over 12,000 children, parents, educators and caregivers every year.
